ODS PacShip was designed to support your organizational footprint around the globe.

# Multi Carrier

ODS PacShip is a versatile shipping solution that supports virtually all international, national, regional and local carriers. ODS PacShip leverages the use of Web Services for most carriers, but also provides the infrastructure to accommodate carriers that offer legacy methods that utilize rate-based and/or pre-assigned waybills.

# Flexible Distribution Lists

The screenshot displays the Oden Industries, Inc. shipping software interface. The main window is titled "WayPoints" and shows a "Target Stores Distribution" table. The table lists three recipients with their service types and rates. A dropdown menu is open, showing various service options and their rates.

Include	Service Type	Name	Address	Phone
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Clint Hanson Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124981234
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Dave Johnson Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124980554
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Rick Nault Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124982341

Service Type Dropdown Options:

- FEDEX\_GROUND - 7.51 USD
- FIRST\_OVERNIGHT - 92.24 USD
- PRIORITY\_OVERNIGHT - 43.62 USD
- STANDARD\_OVERNIGHT - 39.28 USD
- FEDEX\_2\_DAY\_AM - 19.32 USD
- FEDEX\_2\_DAY - 16.79 USD
- FEDEX\_EXPRESS\_SAVER - 12.02 USD

Other interface elements include a left sidebar with navigation links (Create Shipment, Shipment History, etc.), a top navigation bar with "Oden Industries, Inc." and "EUROYACHT" logos, and a bottom status bar with "©2014 Oden Industries, Inc."

ODS PacShip has flexible Distribution Lists that simplify the process shipping homogenous items to a group of recipients. The shipper can exclude recipients and change Service Levels on-the-fly for maximum flexibility.

# Address Books

The screenshot displays the Oden Industries, Inc. web application interface. The browser address bar shows the URL <https://devdemo/>. The page header includes the Oden Industries, Inc. logo and the user name "Mike Oden". The navigation menu on the left lists: Create Shipment, Shipment History, Contacts, Contact Lists, Shippers, My Profile, and About. The main content area has two tabs: "Direct Entry" and "File Import". The "File Import" tab is active, showing an "Import Specification" form. The "File Name" field contains "FedExABExport.txt" and the "Address Book Name" field contains "fedex". Below the form are buttons for "Prepare", "Import", and a "Test" checkbox. The "Field Map" section lists various fields with dropdown menus for mapping: Name (FullName), Company (Company), Department (Department), Country (CountryCode), Line 1 (AddressOne), Line 2 (AddressTwo), City (City), State/Province (State), Postal Code (Zip), Residential (ResidentialFlag), Phone (PhoneNumber), Fax (FAXNumber), and Email (EmailAddress). The "Results" section shows "Records Read: 504" and "Records Imported: 504". The footer of the page contains the copyright notice "©2014 Oden Industries, Inc.".

ODS PacShip includes support for a variety of Address Books. Shippers can create an unlimited number of Address Books and Distribution Lists to maximize productivity. Address Books can be public or private, and existing Address Books from carriers like UPS, FedEx and DHL can be easily imported.

# eInterOfficeMail™

The screenshot displays a web application interface for Oden Industries, Inc. The main window shows a "Pending Shipment Request (PSR)" form with various fields for package details, shipping options, and contact information. A "Print Airbill" window is overlaid on the right, showing a shipping label for TRACKONE EUROYACHT. The label includes sender and recipient information, a barcode, and a tracking number (EIOM000000219). The sender is Admin at Oden Industries, and the recipient is Clint Hansen at Target Stores. The address is 1000 Nicollet Mall, Minneapolis, MN 55403, US. The label also shows the date and time: 10/12/2013 10:34:03 AM.

ODS has virtually unlimited reporting capabilities.

# Reports - Standard

Ods Reports can be easily customized to meet any requirement; a Report Designer, graphics, drill-down and drill-through features are all standard.

# Reports - your way

The screenshot shows the Teirik Report Designer interface. The main workspace displays a report design for 'EMPLOYEE THRESHOLD'. At the top, there is a logo for 'EUROYACHT'. Below the logo is a table with the following columns: OPERATOR, TRACKING NUMBER, COURIER, FIRST SCAN, LAST SCAN, ELAPSED TIME (HOURS), and STATUS. The table contains several rows of data, including a 'Grand total' row. The interface includes a menu bar (File, Home, Insert, Data, View), a toolbar, and a Data Explorer pane on the right showing the report structure. A Group Explorer pane at the bottom left shows the report's group structure.

The screenshot shows the 'New Table or Matrix' dialog box. It has a 'Choose a style' section with a list of styles: Corporate, Forest, Generic, Mahogany, Ocean, and Slate. The 'Ocean' style is selected. To the right is a 'Preview' section showing a table with columns: Recby, Airbill, Delby, and Last Date. The table contains data for 'Recby', 'Airbill', 'Delby', and 'Last Date', and a 'Total' row. The dialog box has 'Help', '< Back', 'Finish >>', and 'Cancel' buttons.
