# Multi Carrier

ODS PacShip is a versatile shipping solution that supports virtually all international, national, regional and local carriers. ODS PacShip leverages the use of Web Services for most carriers, but also provides the infrastructure to accommodate carriers that offer legacy methods that utilize rate-based and/or pre-assigned waybills.

The screenshot shows the ODS PacShip web application interface. The browser address bar displays <https://devdemo/C>. The page header includes the Oden Industries, Inc. logo and the user name MIKE ODEN. A navigation menu on the left lists: Create Shipment, Shipment History, Contacts, Contact Lists, Shippers, My Profile, and About. The main content area features a 'Shippers' table and an 'Account' form.

# Flexible Distribution Lists

The screenshot shows the Oden Industries, Inc. web application interface. The browser address bar displays "https://devdemo/ODSDEV/ods.aspx" and "Oden Industries, Inc. Distrib...". The application header includes the Oden Industries, Inc. logo and "EUROYACHT". The main content area is divided into several sections:

- Express:** Contains "Saved Presets" (Executive Monthly Report Distribution), "Ship Via" (Preferred Shipper: Oden FedEx - PROD (FedEx), Service Type: Least Expensive), "Package / Label Count" (1), "Package Type" (YOUR\_PACKAGING), "Description" (Documents), "Weight" (0.5), "Size (L x W x H)" (3.0 x 2.0 x 2.0), "Package Value" (1), "Ship Date" (03/05/2014), "Reference", and "Special Services" (Ship/Delivery Email Notice, Signature Required, Saturday Delivery, Return Label, Request Pickup).
- WayPoints:** Contains "Ship To" and "Ship From" tabs, and a "Target Stores Distribution" table.

The "Target Stores Distribution" table is as follows:

Include	Service Type	Name	Address	Phone
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Clint Hanson Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124981234
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Dave Johnson Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124980554
<input checked="" type="checkbox"/>	FEDEX_GROUND - 7.51 USD	Rick Nault Target Stores	1100 Nicolett Mall Minneapolis, MN 55403 US	6124982341

Below the table, a dropdown menu shows service level options:

- FEDEX\_GROUND - 7.51 USD
- FIRST\_OVERNIGHT - 92.24 USD
- PRIORITY\_OVERNIGHT - 43.62 USD
- STANDARD\_OVERNIGHT - 39.28 USD
- FEDEX\_2\_DAY\_AM - 19.32 USD
- FEDEX\_2\_DAY - 16.79 USD
- FEDEX\_EXPRESS\_SAVER - 12.02 USD

The "Bill To" section is set to "Sender". Buttons at the bottom include "Get Rates", "Create Shipment", and "Print PSR".

ODS PacShip has flexible Distribution Lists that simplify the process shipping homogenous items to a group of recipients. The shipper can exclude recipients and change Service Levels on-the-fly for maximum flexibility.

# Address Books

The screenshot displays the Oden Industries, Inc. web application interface. The browser address bar shows the URL <https://devdemo/>. The page header includes the Oden Industries, Inc. logo and the name 'Mike Oden'. A navigation menu on the left lists: Create Shipment, Shipment History, Contacts, Contact Lists, Shippers, My Profile, and About. The main content area is titled 'Direct Entry' and 'File Import'. Under 'File Import', there is an 'Import Specification' section with the following fields: File Name (FedExABExport.txt), Address Book Name (fedex), and buttons for Prepare, Import, and Test. Below this is a 'Field Map' section with a 'Map To' table and a 'Results' section.

ODS PacShip includes support for a variety of Address Books. Shippers can create an unlimited number of Address Books and Distribution Lists to maximize productivity. Address Books can be public or private, and existing Address Books from carriers like UPS, FedEx and DHL can be easily imported.

# Comprehensive Reporting

The image displays several overlapping screenshots from the Oden Industries, Inc. software interface, illustrating its reporting capabilities.

**Top Left Screenshot:** Shows the main application window with a sidebar menu listing various reports such as "Carrier", "Delivered", "Hub", and "International".

**Top Right Screenshot:** Shows a "Deliveries by Type Chart" report. It includes a date range filter (START DATE: 5/1/2012, END DATE: 5/4/2012) and a "View Report" button. The chart area shows a 3D bar chart with a count of 291 for Federal Express.

**Middle Left Screenshot:** Shows a "FEDEX INSIGHT" table with the following data:

**Bottom Right Screenshot:** Shows a Microsoft Excel spreadsheet with a 3D bar chart titled "Deliveries by Type Chart". The chart shows counts for four couriers: FEDERAL EXPRESS (291), UPS 2ND DAY (0), UPS GROUND (24), and UPS NEXT DAY (40).

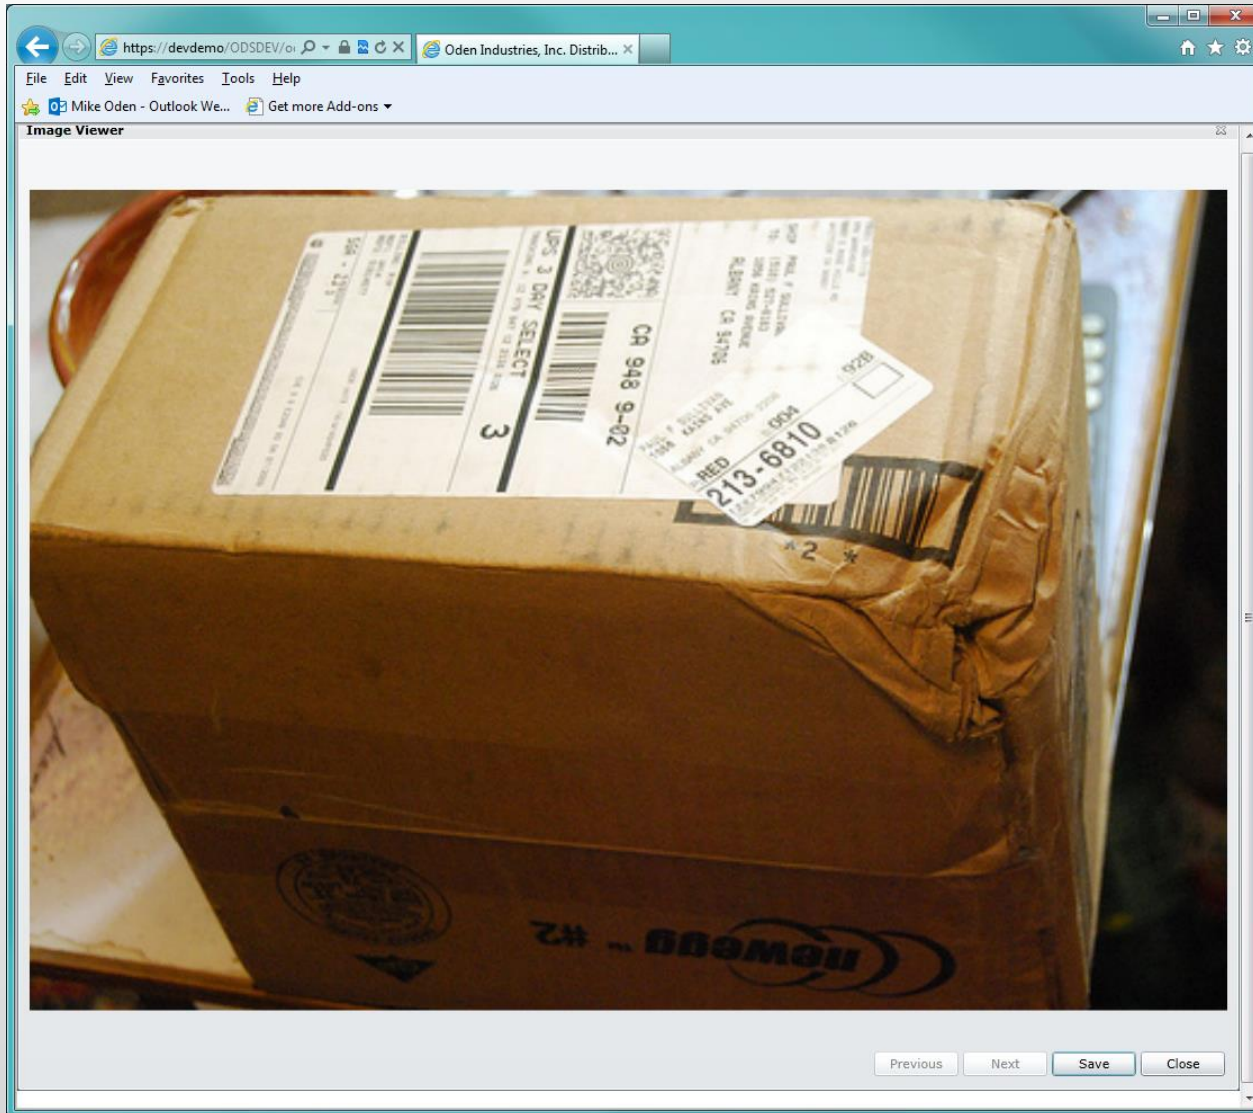

ODS has virtually unlimited reporting capabilities.

# Reports - Standard

Ods Reports can be easily customized to meet any requirement; a Report Designer, graphics, drill-down and drill-through features are all standard.

# Reports - Specialty

- Damage Information can be recorded visually for Claims and Records or for Audit purposes
- Images can be collected from a Web Camera, Digital Camera, Scanner or Picture File
- PDF Images can be e-mailed, Printed or Faxed

# Reports - your way

The screenshot shows the Teirik Report Designer interface. The main workspace displays a report design for 'EMPLOYEE THRESHOLD'. At the top, there is a logo for 'EUROYACHT'. Below the logo is a table with the following columns: OPERATOR, TRACKING NUMBER, COURIER, FIRST SCAN, LAST SCAN, ELAPSED TIME (HOURS), and STATUS. The table contains several rows of data, including a 'Grand total' row. The interface includes a menu bar (File, Home, Insert, Data, View), a toolbar with various icons, and a 'Data Explorer' pane on the right showing the report structure. A 'Properties' pane is also visible, showing settings for the 'EMPLOYEE THRESHOLD' report.

The screenshot shows the 'New Table or Matrix' dialog box. It has a 'Choose a style' section with a list of styles: Corporate, Forest, Generic, Mahogany, Ocean, and Slate. The 'Ocean' style is selected. To the right is a 'Preview' section showing a table with the following structure:

Rechy	Airbill	Delby	Last Date
[Rechy]	[Airbill]	[Delby]	[Last Date]
Total			

At the bottom of the dialog are buttons for 'Help', '< Back', 'Finish >>', and 'Cancel'.
